Carranza has removed the oil tax in Mexico that threatened trouble with the United States.

National Commissioner of Education Claxton has advised schools to repeat the rule barring married teachers from positions. Favorable responses are being sent in from many cities and states.

Of more than 3,000,000 men now under arms, the American army has sent nearly one-half, or more than 1,450,000, overseas for service against the enemy in France, Italy and Siberia.

Along the Ussuri front, in Siberia, where the enemy forces number 100,000, quiet prevails, it is said. The bolshevik and Austro-Germans are visibly affected by the number of desertions from their ranks is increasing.

Religious services beside the grave of Lieut. Quentin Roosevelt, near the spot where he fell to his death in an air combat last month, were held Sunday by Bishop Brent of the Protestant Episcopal church, and the Rev. Charles S. MacCarland of the federal council of Churches of Christ in America. The service took place after a visit to the American front at Fiammes.

Lieutenant-General Sir John Monash who now commands the Australian army corps—the Anzacs fighting in France—is a Jew. He is the most representative of a number of Australian Jews, who have enlisted. In him, too, the Australian army corps has an Australian commander. He recently succeeded Lieutenant-General Sir William R. Birdwood, who is an English officer and a professional soldier. Sir John Monash is a citizen soldier.

MANY MORE OFFICERS.

The first class of the Artillery Officers' Training School at Camp Zachary Taylor, containing 1,095 students, was graduated Saturday with elaborate exercises, the graduates being commissioned Second Lieutenants at once.

TERRIBLY SWOLLEN

Suffering Described As Torture
Relieved by Black-Draught.

Rossville, Ga.—Mrs. Kate Lee Able, of this place, writes: "My husband is an engineer, and once while lifting, he injured himself with a piece of heavy machinery, across the abdomen. He was so sore he could not bear to press on himself at all, on chest or abdomen. He weighed 165 lbs., and fell off until he weighed 110 lbs., in two weeks.

He became constipated and it looked like he would die. We had three different doctors, yet with all their medicine, his bowels failed to act. He would turn up a ten-cent bottle of castor oil, and drink it two or three days in succession. He did this yet without result. We became desperate, he suffered so. He was swollen terribly. He told me his suffering could only be described as torture.

I sent and bought Theodor's Black-Draught. I made him take a big dose, and when it began to act he fainted, he was in such misery, but he got relief and began to mend at once. He got well, and we both feel he owes his life to Theodor's Black-Draught."

Theodor's Black-Draught will help you to keep fit, ready for the day's work. Try it!

LOUISVILLE BOY WINS RANK OF MAJOR AT AGE OF 23

Victor G. Engelhard, Now at Camp Sherman, O., Is Promoted From Captaincy.

Additional luster has been added to a name that Louisville is already proud to honor, as Victor H. Engelhard, who bears his father's name, which was recently conferred upon a Louisville boy who has been made a major at the age of 23—thus setting a record that has been equaled by but few men of his age in this country.

Maj. Engelhard, who has just received his commission, being promoted from the rank of captain, was graduated from the officers' training camp at Ft. Benjamin Harrison, and his friends were greatly gratified when the rank of captain was given him at his graduation. He is the oldest son of the late Victor H. Engelhard.—Courier-Journal.

War Time Sweeteners

AMERICA has several excellent war time sweeteners that will be used largely during the shortage in the sugar supply.

They are maple sugar, syrups, honey and molasses and may be used in preparing desserts and other dishes requiring sweetening.

When a cup of syrup or honey is used to replace a cup of sugar the liquid in the recipes should be decreased one-fourth. One-third of a cupful of sugar is equivalent to one-third of a cup of honey, about one-half cup of syrup and about one-half cup of corn sugar. One-fourth of a cup of sugar is equal to about one-half cup of syrup or one-third cup of corn sugar. One tablespoon of sugar is equal to one tablespoon of honey, about one and one-half tablespoons of syrup and one and one-third tablespoons of corn sugar.

Sugar may be saved by the use of raisins, dates, figs, dried pears and fruit pastes used on the breakfast cereals. Fruit marmalades, butters and jellies should be used to take the place of the ordinary sweetening at a meal and not as accessories to it. Fruits may be preserved without sugar. It may be added when sugar is more plentiful.

Preserving demands this year a thin syrup instead of a heavy syrup.

If sugar is used one-half of the amount may be replaced by another sweetener.

Drying is a means of preserving (without sugar) apples, cherries, strawberries and black caps.

When ready to use they may have added the needed sugar in the form of a syrup. When sugar is more plentiful fruit juices may be made into jellies or may be used as fruit juices with or without sugar, as beverages, fruit gelatins and frozen desserts.

Fresh fruits supply the place of sugar in the diet. They should be used freely. Desserts where sugar is scarce may be made of gelatins, junkets, custards, puddings and cakes.

**THREE MORE LOANS.**

Three Liberty Loan campaigns, each for \$5,000,000,000 or more, are planned by the Treasury Department within the next year, according to information from Washington. As has been officially announced, the first campaign will open September 28 and the other two will probably follow in February and June. This programme will be necessary, it is explained, to provide the \$16,000,000,000 which officials estimate will be required in addition to the \$8,000,000,000 provided by the new Revenue Bill now being drafted.

LEADER TO ALLIES.

(By Associated Press.)

Vladivostok, Aug. 14.—Gen. Diedrichs, commander of the Czechoslovak forces in Siberia, has presented a memorandum to the allied representatives here setting forth the urgent need of speedy assistance on a large scale and that an advance on Irkutsk should be ordered. He points out that if the allied forces do not reach Irkutsk within six weeks, the delay will be tantamount to the loss of all western Siberia by the Czechoslovakia. Gen. Diedrichs says that this would leave Russia entirely at the mercy of the Germans.

108,973 MACHINE GUNS MADE; 30,226 BROWNING.

Washington, Aug. 18.—Since the United States entered the war and up to Aug. 10, the war department announced tonight that 108,973 machine guns of all types have been produced in this country and accepted for army use by the ordnance department. Of this total 30,226 have been of the Browning type. During the week ending Aug. 10, machine guns passed for use totalled 6,228.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the blood on the mucous surfaces of the system. One Hundred Dollars reward is offered for any case that Hall's Catarrh Medicine fails to cure. Send for circulars and testimonials.
